## First Time Skater

### Information:

Proper fit and sharpened skates are an important element in skating development. Skates should be laced tight, not loose. One pair of thin socks is adequate. Rental skates are available in Figure and in Hockey. If you are a first time skater you may want to try figure skates. Lace them all the way up the ankle for a tighter fit. If you choose hockey skates, please make sure they are as tight as possible and laced to the top.

\*\*To purchase your own skating equipment, please visit SKS pro shop for assistance.
